## Editor's Note

By Eddie Zero

Well here it is, the third edition of this year's Newsletter! It's hard to believe that we are entering July already with some great rides completed in the preceding months. Big Sandy, Brass Lantern, and Rattlesnake Saloon are a few that come to mind. Make a point to attend one of our future rides this summer! Million Mile Monday in conjunction with our June Chapter Meeting is next week, June 27<sup>th</sup>.

As you look around this issue, you will be reminded of the generosity of our chapter members!

Check out the photo on page 6 – Guess who has Photo Shop.

I switched the crossword to a word search this edition. Let me know what you like best or any different ideas to tickle your brain.

As always, have Fun and Ride Safe!

(From HOG Website)

### Million Mile Monday Begins at Midnight, June 27!

Now entering its fourth year, H.O.G. Million Mile Monday seems to get a little bit bigger and more memorable each year. Three million. Four million. Five million? Since the inaugural event in 2008, the daily worldwide mileage total has grown each year – with five million miles remaining just out of reach thus far.

But it's not really about the mileage total. It's about getting "together" around the world and riding with a common objective – on what is often considered the low point of the traditional five-day work week.

Let's face it ... for a lot of people Mondays really suck. And it's probably the one day of the week when people are least likely to get their motorcycles out and go riding. Million Mile Monday is about taking the worst day of the week and making it the best day of the year.

For 2011, H.O.G. is inviting H.O.G. members to expand the reach of Million Mile Monday by inviting their non-member riding friends – on any brand of motorcycle – along for the ride.

The idea is to share the passion we all have for motorcycling and show these unfortunate "outsiders" what it means to be a part of the world's greatest riding community.

On Million Mile Monday, H.O.G. asks members to ride wherever, with whoever, and for whatever reason they can think of. Ride to work, ride to lunch, ride around the block. With friends or by yourself. It doesn't matter – just ride!

This year's event is scheduled for Monday, June 27. For more information about this popular H.O.G. tradition, log on to [members.hog.com](http://members.hog.com). *(Ed. Note; We have plans! Meet at the dealership at 6pm on Monday the 27<sup>th</sup>.)*

What do they say," Hot August Nights"! Man so far this has been one hot summer!! But this year sure is flying by, and a lot of good rides have taken place already with a lot more to come.

I'm happy to say we have 2 new members this evening, Linda & Mark Ryan. You may not see them for a while because they live in the Washington, DC area!! Both are retired from the military and they belong to the Fort Washington Hog Chapter. They live in Md. They also purchased 2 small rockers for their vests. Linda is from the Spring Hill/Columbia area and they have been married for 32 yrs. The membership and rockers are her presents. Pretty cool A .

We presently stand at 60 members. We are going to also try something new, if you are a current member in good standing and sign up any new member between now and the Christmas Party you will receive a 10.00 dollar gift certificate for the dealership. So good luck and sign up your better half if she or he is not a member or any friends you have that like to ride!

We still have a few large and small rockers for sale so let's get the Muletown name out there. If anyone has any Ideas for new members please let me know. Well that's about it for now, I know it's hard to stay in touch with everyone but if you haven't seen some of our members around give them a call and make sure all is well! That's it for now.

Peace, Jay Morgan

### H.O.G. Rally's

Have you been to a HOG rally lately? You may think they're just the same old thing every year. Sometimes I even get to thinking the same thing until I get there and prove myself wrong. Our first rally was in 1993 in Ashland City 17 years ago. It was a national rally so lots of bands, safety seminars, and plenty of activities right on site to see and do. National rallies seem to always be that way.

State rallies be it Tennessee or other states due to cost restrictions are a great way to find out about the area that you're traveling to, their HOG chapters favorite rides, and visiting spots in the area. I thought last year when we booked the rally in Jackson which is close to us, what we could possibly do that we haven't done yet. To my surprise it was a lot. Got a tour of Shiloh battlefield with some excellent history lessons given by local hog members, toured the house of Buford Pusser of walking tall. Road out to the areas favorite eating spot, Gus' Fried Chicken, and another favorite Skull bone Tn. for a bologna sandwich. It was too hot for them to make it fried. There was a Blues Festival downtown that was only made better by the shuttle to and from the Festival.

Bottom line it's a great way to enjoy the fellowship of your local chapter members and a great way to meet people from other chapters let alone getting introduced to the areas favorite spots. These rallies are only for HOG members so that makes them a family rally. Next chance you get time for a little vacation and can't decide what to do. Go to the National H.O.G. website and book a rally, you will be surprised just how much you'll enjoy it, and the memories you'll make.

## Chapter Gives to Hope House

### Safety Corner

By Ken Steverson

#### Deer Alert

Living and riding in rural middle Tennessee is such a pleasure but there are dangers out there that we sometimes fail to recognize. Everyone that rides in these parts knows that deer are most active around dawn and dusk and riders are a little more cautious during those times. However, we do tend to let down our guard during other times of the day. On our recent ride to Big Sandy those on the ride were reminded to never let down your guard. It was very warm and nearing noon when we passed a deer warning sign. I thought to myself, “no self respecting deer would be out in this heat at this time of day.” Boy was I wrong. No sooner than the thought crossed my mind a deer came from nowhere and bounded across the road within a few yards of our group. This incident served as a good reminder that we have to always be prepared for the unexpected and to always take the deer warning signs seriously regardless of the time of day.

Ken Steverson presents a check for \$430.00 to Angie Slack, the Director of Hope House. The money was raised at our silent auction during the pancake breakfast. Hope House supports families that have been victims of domestic abuse and is our chapter's designated charity.

Submitted by Eddie Zero, Route planned by Rodney Schmitt

Sue and I recently went on a 2000 mile plus ride to Door County Wisconsin with Patty, Rodney, Jay, and Judy. The first leg of the trip took us to the Garden of the Gods in the Shawnee Nat'l Forest in Southern Illinois and the Root Beer Saloon in Alto Pass, Illinois. Nice roads with a few curves and two ferry rides. A good overnighter trip.
